

## **TARRASKA TECHNICAL REQUIREMENTS (May 2020)**

1. If Backline provided:
  - 2 vocal mics with stands and XLR leads.
  - 2-3 DI inputs for 2 x guitars, 1 bass plus instrument jack leads
  - 3 standard AC power sockets available (for guitar pedal boards)
  
2. If no Backline provided:
  - 3 standard AC power sockets
  - Ideally at least 12 feet x 8 feet floor space and separate location for PAs

For option 1 above, Tarraska can supply all mics, stands and leads if none provided with backline. We can also input straight into sound desk if no DI boxes are available.

We are very flexible and can fit into most venues!!
